
PRECISE THERMOMETER

THE WISE CONN (THEWISECONN.COM)

OVERVIEW

- The Wise Connect Thermometer is a highly accurate wristwatch-style body thermometer that supports real-time wireless monitoring, enabling remote oversight and control by doctors, patients, or medical computer systems. The fever alert threshold can be configured by the doctor, patient, or network.
- Accuracy
 - 0.08°C from 0°C to 45°C,
 - 0.09°C from -25°C to 85°C
 - 0.12°C from -40°C to 85°C
 - 0.15°C from -55°C to 125°C
 - 0.3°C from -55°C to 155°C.
